SNEHAVEEDU HOME PROJECT

SNEHAVEEDU HOME PROJECT

“Snehaveedu” stands as a beacon of compassion and community spirit, emanating from the collaborative efforts of Alphonsa College Pala NSS unit, Youth Redcross, K Choittilappilly Foundation and M.G University. Together, they have embarked on a noble mission to provide shelter and solace to the homeless, embodying the essence of empathy and social responsibility.

The journey of NSS-Snehaveedu project commenced with the laying of the foundation stone for its inaugural house on the 15th of May, 2023. Since then, it has been a testament to the unwavering commitment of individuals and institutions towards uplifting the marginalized and underprivileged sections of society.

With a vision to foster inclusivity and alleviate the plight of homelessness, the project has set out to construct a total of 32 houses. Each brick laid and every beam erected resonates with the collective aspiration to create a sanctuary of hope and dignity for those in need.

The completion of 16 houses marks a significant milestone in this transformative endeavor. In addition to this, the Youth Redcross provided financial assistance for house maintenance to 9 houses. These houses stand not merely as structures of brick and mortar but as symbols of compassion and solidarity. They represent the tangible manifestation of a community's resolve to extend a helping hand to those who have been overlooked by fate.

As construction progresses on the remaining homes, the spirit of Snehaveedu continues to inspire and unite individuals from all walks of life. It serves as a poignant reminder that acts of kindness, no matter how small, have the power to sow the seeds of change and cultivate a more compassionate society.
